experience

Atlassian

IN-HOUSE DESIGNER | SEPTEMBER 2009–PRESENT | SAN FRANCISCO, CA

Working as the in-house designer at Atlassian, a company that makes enterprise project management software. Responsibilities include web design, print design, apparel design, and illustration. Working closely with the Atlassian marketing team, web development team, and management.

20|20 Creative Group

ART DIRECTOR | JUNE 2005–SEPTEMBER 2009 | SAN LUIS OBISPO, CA

Worked on a variety of projects including branding, collateral, logos, websites, and packaging. Responsibilities included design, art direction, client presentation, project management, and traffic management. Managed two full-time designers and hired and managed freelance designers as needed. Hired and collaborated with printers, programmers, illustrators, and photographers. Worked in collaboration with staff Account Managers and the Creative Director. Got 'er done.

skills

High proficiency in Adobe Photoshop, InDesign, and Illustrator. Basic proficiency in Dreamweaver, Flash, HTML, and CSS. Takes a particular pride in employing keyboard shortcuts.

interests

When Jeff isn't designing he can usually be seen playing lawn sports, making music, drawing, speaking in the third person, using serial commas, or cooking a meat-substitute dish. Even though he isn't vegetarian.
